About the project

English for Women is a vibrant and exciting project that grew from a smile shared between strangers and is now supporting hundreds of women in our communities. Its vision is to help those who are isolated by language barriers by running drop-in language centres where women (and men at our English for All sessions) can learn the skills needed to communicate in everyday life, how to access local services and feel part of, and integrate into, their local communities.

The role

As a Project Assistant, you will coordinate and deliver consistently high levels of support in line with the project's aim and objectives. The core values of 'Connection, Communication and Culture' will be at the centre of your work, and you will have the drive and determination to make a difference to the lives of others on a daily basis.

It is an exciting and varied role which will require the successful candidate to show initiative, and have an enthusiastic, can-do attitude. The post of Project Assistant plays a central role in supporting project sessions, managing volunteers, maintaining project records, supporting the fundraising cycle, and having a real impact on the lives of those in the English for Women community.
